

# FUNDRAISING PROGRAM

Sunworks is committed to helping your non-profit organization grow financially while making an impact on the environment. When you refer a homeowner to Sunworks, we'll provide them with a \$1,500 discount on their solar installation and reward your organization with up to \$1,000, once their installation is completed. The **Fundraising Program** is designed to help your non-profit organization earn money while working to build better communities for all.

**Please contact Seth to learn more about Sunworks and this wonderful opportunity.**
