

Renew Solar Solutions is an *elite* Pearl Contractor

About the Pearl Contractor Network

Pearl Certification helps homeowners capture the value of their solar investment for resale and appraisal with the Pearl Certification Report and completed Appraisal Addendum. While manufacturers of solar equipment may certify their own products, Pearl thoroughly vets all of the contractors in its elite Network as part of the 3rd-party certification. We're proud to be the best of the best.

As a qualified Pearl Solar Contractor, Renew Solar Solutions has met stringent requirements:

- **Customer service**
- **Workmanship quality**
- **Installation expertise**
- **Technical training**

PEARL PROUDLY WORKS IN PARTNERSHIP WITH:

U.S. DEPARTMENT OF
ENERGY

Appraisal
Institute™

REACH
NATIONAL ASSOCIATION OF REALTORS®

A comprehensive approach to *solar*

- **Improve Your Family's Comfort**
- **Enhance the Value of Your Home**
- **Generate & Use Energy Responsibly**
- **Make Wise Investments**
- **Protect the Health of Everyone Under Your Roof**

Renew Solar Solutions provides you with options to utilize renewable energy and increase your energy independence all while maximizing your return on investment. Only contractors in the elite Pearl Network can offer Pearl Certification on all of their installations. All Pearl Certified improvements contribute to your comfort, health and energy efficiency within these categories:

Building Shell

Home Management

Heating & Cooling

Renewable Energy & Energy Storage

Baseload

Renew Solar Solutions knows how to properly document your home's high-performing features so they raise your home's market value.

Renew Solar Solutions + Pearl Certification = Trust and Confidence!

Home Value

With Renew Solar Solutions and Pearl Certification, you can have confidence in your home and in your investment. Through Renew Solar Solutions, Pearl gives you the tools to maximize your home's appraisal or price when the time comes to refinance or sell with the Pearl Certification Report and completed Appraisal Addendum.

Long-term Peace-of-Mind

Renew Solar Solutions is a financially stable, long-established contractor with a proven track record of excellence. This ensures that anytime you need service or support on your equipment, Renew Solar Solutions will be here to assist you!

After installation, Renew Solar Solutions and Pearl have you covered

Along with your Pearl Certification Report, you will gain access to Pearl's Green Door Web App to help you manage and further improve your high performing home. With Green Door, you have access to top-notch resources and guidance throughout your journey of homeownership.

The Pearl Network Contractor Difference - Better in Every Way that Matters to Homeowners:

- **Superior Customer Service** and value proven through online ratings, Better Business Bureau history, and strategic, well-developed approach to serving customers and solving problems
- **Business Best Practices** indicated by proper licenses, internal processes, permits and relationships with subcontractors and industry organizations
- **Commitment to Quality** expressed through continuous education, product training, and safety training that is provided for the workforce
- **Commitment to Community** lived out through a sense of responsibility and mission to serve others, whether locally or globally
- **Technical and Thought Leadership** demonstrated through engagement in industry associations, commitment to trade-specific qualifications and knowledge of emerging trends

Through Pearl Certification, Renew Solar Solutions helps safeguard your financial investment for home improvements by providing appraisal documentation about the improvements you make in your home.
