

Mike Nicolosi

Mike is the owner and founder of Rethink Electric, a leading Chicagoland area solar electric power installer. With over 20 years of experience in the electrical trade, Mike is a North American Board Certified Energy Practitioner (NABCEP) Certified PV Installation Professional™. He has installed hundreds of residential, commercial, and industrial solar electric systems for power generation and EV charging.

The Why

Together we can *Rethink* the way electrical power is delivered. Every system that is installed is professionally designed to save you money, guarantee your energy independence, and leave the planet a better place than we found it. Solar is the smart choice for your wallet and your world.

The How

We do the job right or we don't do it at all. Our solar installers and staff are fully trained in the latest solar products and technologies. We are proud of our work and stand by it. Our products are from the most reputable companies in the industry with long-standing quality records and 20 year+ product guarantees.

The What

ReThink Electric is a full-service turnkey solar provider. We provide solutions for home-owners and builders as well as large-scale industrial or governmental projects. No matter what the scope of your project, you can be confident that we have done it.
