

1.0 Limited Warranty for PV-Module(s)

Emmvee Photovoltaic Power Pvt. Ltd. (Formerly known as Emmvee Toughened Glass And Photovoltaics Pvt. Ltd.) having its registered office in "Solar tower" #55, 6th Main, 11th Cross, Lakshmaiah block, Ganganagar, Bangalore-560024, India. (Here in after called as EMMVEE) warrants its Photovoltaic module(s) ("PV-module(s)"), including factory fitted DC connector cable assemblies, if present, to be free from defects in materials and workmanship under normal application, installation, use and service conditions.

EMMVEE warrants that for a period of 300 (Three hundred) months – beginning from the date of sale to the original end customer, the solar modules shall be free of deficiencies in the form of material or manufacturing defects. In the event of a warranty claim, the customer shall be entitled to remediation of the deficiency, substitute delivery or reimbursement of the prorated portion of the purchase price, at EMMVEE's option.

2.0 Performance Warranty

PV-module(s) manufactured by EMMVEE warrants that will Deliver 84.80% of the minimum capacity (P_{min})¹ as specified on the product label under standard test conditions at the end of 25 years on a Linear degradation basis from the date of sale with

Minimum 98% original capacity (P_{min})¹ at the end 1st year and 0.55% from second year till 25 years

If there is a loss in the output power beyond the specified values within the specified period as described above, due to defect in the material or workmanship, EMMVEE reserves its right to replace such loss in power either by providing additional PV-module(S) to make up such loss in power or by repairing the defective PV-module(s) or by refunding the purchase price as paid by the customer ("purchase price") taking in to account a yearly declining balance depreciation of Ten percent (10%) of the purchase price at the option of EMMVEE, EMMVEE has the option to repair the PV-module(s) or replace the defective PV-module at no cost to the customer.

3.0 Various

Any replaced PV-module(s) shall become the property of EMMVEE and EMMVEE has the right to deliver another type of PV Module(s) (different in size, color, shape and/or Power) in case EMMVEE discontinued the production of the PV Module in question at the time when the claim is made.

The repair or replacement of PV-module(s) or supply of additional PV-module(s) does not cause the beginning of new warranty terms, nor shall the original terms of this limited warranty be extended.

For the purpose of clause 1.0 and 2.0, the Purchase Price of a PV Module shall, where a separate price for the PV Module has not been agreed, be determined by EMMVEE acting reasonably, by reference to available industry publications listing prices for comparable PV Module(s) for the year of sale.

¹ The minimum output (P_{min}) is calculated by deduction the stated performance / output tolerances from the nominal peak power (P_{nom}) as measured under standard testing conditions (STC) (Light Spectrum of AM 1.5, Irradiation of 1000 W/m² and Cell Temperature of 25°C). The measurements must be conducted on the connections in the connection boxes or - if present - on the connections plugs in accordance with IEC 61215.

10.0 LIMITED PRODUCT WARRANTY CLAIM PROCESS

To make a claim under this Limited Product Warranty, Customer must contact EMMVEE timely upon discovery of the defect during the Warranty Period, as follows:

Attn: Warranty Claims Department

By Email: info@emmvee.in

At EMMVEE request, Customer shall return the affected Products to EMMVEE in accordance with EMMVEE return merchandise authorization ("RMA") process. Upon EMMVEE acceptance of delivery of a returned Product, title to such Product is transferred to EMMVEE. If any Products are returned other than in compliance with the RMA process, or if EMMVEE cannot verify the reported defect, then EMMVEE may in its discretion return such Products to Customer at Customer's expense.

EMMVEE reserves the right to have the cause of the module failure or power loss verified and/or determined by an independent third-party testing laboratory. Third party measurements shall be conducted under STC in accordance with IEC 61215, taking into account a +/- 3% measurement tolerance. EMMVEE will pay for the costs associated with any such third-party testing unless the results demonstrate no actual module failure or power loss as provided herein, in which case EMMVEE reserves the right to charge Customer for such costs.
