

OUR STORY

MeterHome® is an Oregon innovation company. Our quality energy storage systems are designed, built and tested in our Tualatin, Oregon factory.

We are proud to offer solutions for resiliency and sustainability while also providing valuable jobs for local employees.

Joseph Lu, Founder & CEO

A visionary leader with 30+ years in building quality products. After bringing large-scale energy storage to commercial and industry partners, Mr. Lu is on a mission to bring affordable and sustainable energy storage to the consumer.

Virgil Beaston, Chief Technology Officer

A veteran technology leader with over 25 years of experience developing energy storage technologies and grid applications. With 18 battery patents to his name, Virgil is passionate about advancing safe, reliable, scalable and efficient energy solutions.

THE METERHOME[®] ADVANTAGE

SAFE LiFePO4 Battery.

UL-listed.
